# Welcome

---

Dear friends,  
Dear colleagues,

Toulouse is honoured and delighted to be organizing the 24<sup>th</sup> Congress of the European Rhinologic Society, in conjunction with the 31<sup>st</sup> *International Symposium on Infection and Allergy of the Nose*.

This congress will provide an opportunity for each and every one of us to share our experience and discuss breakthroughs in our various specialist fields, a necessary prerequisite if we are to successfully assess our own practices. We will spare no efforts to ensure that the event provides a forum for extensive and fruitful scientific debate, in an interactive and convivial atmosphere.

With its many plenary sessions, symposiums, lectures, instructional courses, video sessions and live surgery sessions, we hope to make this congress an event to remember, not only in terms of its scientific content, but also as a social occasion.

Moreover, some Assisted Surgery Workshops on Artificial Patients (ASWAP) organised with the support of Medtronic company will complete this training.

These sessions are a real revolution in terms of surgical learning, and will enable some of you to operate on "false-true" patients affected by "false-true" pathologies. This hyper-realistic method offers the best quality ever of training, and is even better than classic dissection.

The «Ville Rose» (Pink City), as Toulouse is known for its distinctive pink brick architecture, will not fail to seduce you with its historical past as well as its resolutely forward-looking technological and scientific dimension. France's 4<sup>th</sup> largest city, Toulouse combines a rich historical and cultural heritage (the City Hall, Church of the Jacobins with its cloister, Saint-Sernin Basilica, the Bemberg Foundation, the «Musée des Augustins», the «Canal du Midi», the «Cité de l'Espace», the Chateau of the Counts of Carcassonne...) and the delights of its world-famous «Gourmet cuisine» (cassoulet, foie gras)...

It is with a great pleasure that we invite you to Toulouse. We are confident that you will have a truly memorable and rewarding stay in the «Ville Rose».

Pr. Elie SERRANO  
ERS & ISIAN Congress Chairman

Under the  
auspices of

Paul Sabatier Toulouse III

## Assisted Surgery Workshops on Artificial

12 one and a half hour sessions of Assisted Surgery on Artificial Patients (ASWAP) will be organised with the support of  **Medtronic**.

These sessions are a real revolution in terms of surgical learning, and will enable some of you to operate on "false-true" patients affected by "false-true" pathologies.

This hyper-realistic method offers the best quality ever of training, and is even better than classic dissection.

MONDAY 18 <sup>th</sup> OF JUNE	
	Room 15
09:00-10:30	ASWAP session 1
10:45-12:15	ASWAP session 2
14:00-15:30	ASWAP session 3
16:00-17:30	ASWAP session 4

TUESDAY 19 <sup>th</sup> OF JUNE	
	Room 15
08:15-09:45	ASWAP session 5
10:30-12:00	ASWAP session 6
14:00-15:30	ASWAP session 7
16:00-17:30	ASWAP session 8

### Conditions:

2 people for one artificial specimen.

Registration to these sessions must be combined with a registration to conferences (see Registration form).

Limited number of seats.

■ Sessions in French

# Patients (ASWAP)

<b>WEDNESDAY 20<sup>th</sup> OF JUNE</b>	
	<b>Room 15</b>
08:15-09:45	ASWAP session 9
10:30-12:00	ASWAP session 10
14:00-15:30	ASWAP session 11
16:00-17:30	ASWAP session 12

# General information

## Venue

### Centre de congrès Pierre-Baudis

11, esplanade Compans-Caffarelli  
31000 Toulouse - FRANCE  
<http://www.centre-congres-toulouse.fr/>

## Official language

English  
Some conferences will be held in French.  
Rooms will be specially dedicated to these conferences during the congress.

## City information

<http://www.uk.toulouse-tourisme.com>

## Travel information

**By air:** [www.toulouse.aeroport.fr](http://www.toulouse.aeroport.fr)  
Toulouse-Blagnac International Airport is only 15 minutes away from the city centre. 45 airlines service this airport. The airport has 51 daily flights to Paris (Orly or Charles de Gaulle) and is connected to 34 destinations:

- **International:** Algiers/Amsterdam/ Basel/Birmingham/Brussels/Casablanca/ Dusseldorf/Frankfurt/Geneva/Lisbon/ London/Madrid/ Milan/Munich/Oran/Porto/ Saint Denis de la Réunion/Tunis
- **National:** Caen/Carcassonne/Clermont-Ferrand/Lille/ Lyon/Marseille/Metz-Nancy/Mulhouse/Nantes/Nice/Rennes/ Strasbourg

### Airport shuttles

There is a shuttle bus service from the airport to the city centre every 20 minutes, even during the weekend. The shuttle bus stops at Pierre Baudis Conference Centre, and then to Jeanne d'Arc and Jean Jaures stations where several hotels are located.

### By car

- A 61: Carcassonne - Montpellier - Barcelona
  - A 62: Bordeaux – Paris
  - A 64: Tarbes – Lourdes
  - A 68: Albi – Lyon
- When leaving the motorway and after the tollbooth exit, take direction "Toulouse Centre", exit n° 30.

### By train

<http://www.sncf.com/>  
From Toulouse central station (Gare Matabiau), the Pierre Baudis Conference Centre can be reached by underground (Compans Caffarelli station): take line A at Gare Matabiau (Marengo-SNCF station) to Jean Jaurès station and then Line B to Compans Caffarelli station.

### Travel discount

To benefit from «conference» travel

reduction (on SNCF - French domestic railways - Air France or Lufthansa) please request a rebate voucher when completing the registration form.

### Event:

Event ID: **15157AF**  
Valid for travel from 12/06/2012 to **26/06/2012**

Event location: Toulouse, France  
Attractive discounts on a wide range of airfares on all Air France and KLM flights worldwide\*.

Use the website of this event <http://www.airfranceklm-globalmeetings.com/?eid=15157AF> or visit [www.airfranceklm-globalmeetings.com](http://www.airfranceklm-globalmeetings.com).

If you buy your ticket via AIR FRANCE & KLM Global Meetings website, your electronic ticket will carry a special mention which justifies the application of the preferential fares.

Should you prefer to process your reservations and ticket-purchase directly with an Air France and KLM sales outlet, you must keep this current document which serves to justify the application of the preferential airfares.

### Keep the document to justify the special fares with you as you may be asked for it at any point of your journey.

To locate your nearest Air France and KLM sales point, visit: [www.airfrance.com](http://www.airfrance.com) or [www.klm.com](http://www.klm.com). You will need to quote the reference given above which is registered in AIR FRANCE KLM data into GDS Amadeus: GGAIKRAFGLOBALMEETINGS

\* *subject to conditions*

To benefit from train discounts, please ask for a SNCF discount voucher. This voucher is available upon request by ticking the box on the registration form or through the online registration process.

To obtain a discount rate on train, the reservation has to be done in a French train station, in a SNCF agency or in an accredited travel agency. During your journey you must keep your discount voucher as it may be required in case of control.

### Special offer:

#### Discounted travel with Lufthansa

Lufthansa German Airlines offers a comprehensive global route network linking

major cities around the world. As an airline partner, Lufthansa offers special prices and conditions to registered students, exchange students, faculty and staff of the Contracting Partner.

To make a reservation, please click on [www.lufthansa.com/education](http://www.lufthansa.com/education) and enter the access code **FRZIPR** in the «Access to Event Booking» area. This will open an online booking platform that will automatically calculate the discount offered or provide you with an even better offer if another promotional fare is available.

## Visa requests

If you need an invitation letter for visa purposes, please contact Europa Organisation on: <http://www.europa-organisation.com/visas/>

## Accommodation

Rooms have been pre-booked for the congress in 2\*, 3\* and 4\* hotels at preferential rates by

To book a room or for any information, please connect to: <http://www.comevat.fr> congress code: ERS2012

# Bionorica®

## Sinupret®

The medicine for the nose

- ✓ loosens phlegm
- ✓ unblocks the nose
- ✓ clears the head

## Bronchipret®

The cough medicine

- ✓ relieves coughing
- ✓ heals inflammation
- ✓ clears the bronchial passages

## Tonsipret®

The throat medicine

- ✓ reduces soreness
- ✓ soothes the throat
- ✓ purely plant-based

## Imupret®

The immune system defence medicine

- ✓ slows down infection
- ✓ strengthens the immune system
- ✓ protects against recurrent infections

**Sinupret® forte** | Composition: 1 coated tablet of Sinupret forte contains as Active pharmaceutical ingredients: European Verbain (herb), powdered 36 mg; European elder (flower), powdered 36 mg; Primula flower with calyx, powdered 36 mg. Excipients: Glucose syrup 2.712 mg, Lactose monohydrate 48.490 mg, sucrose 122.756 mg, sorbitol 8.644 mg, Dextrin, Eudragit L 12.5, gelatine, glucose syrup, potato starch, lactose monohydrate, maize starch, magnesium oxide, light, titanium glycol wax, sodium carbonate, polyethylene glycol, castor oil, refined, sucrose, shellac, colloidal anhydrous silica, sorbitol, stearic palmitic acid, talc, quinoline yellow, E 104, aluminium salt, indigo carmine, E 132, aluminium salt, aluminium oxide, calcium carbonate (E 170), titanium dioxide (E 171). **Therapeutic indications:** In acute and chronic inflammation of the paranasal sinuses. **Contraindications:** Sinupret forte should not be taken with known hypersensitivity to the active substance(s) or to any of the excipients of Sinupret forte. **Special warnings and precautions for use:** There are no sufficient studies on the use of Sinupret forte in children under the age of 12 years. Therefore, Sinupret forte should not be used in children under the age of 12 years. Patients with the rare hereditary fructose intolerance, galactose intolerance, lactase deficiency, glucose-galactose malabsorption or sucrose-isomaltase deficiency should not take Sinupret forte. It is pointed out to the patient in the package leaflet that if symptoms last longer than 7 - 14 days or recur periodically a physician is to be consulted. **Pregnancy and lactation:** Like all medicines, Sinupret forte should only be used during pregnancy and lactation after strict diagnosis. **Undesirable effects:** uncommon: Gastrointestinal complaints (for instance stomach pain, nausea). Rare: Hypersensitivity reactions of the skin (skin rash, reddening of the skin, itching) as well as severe allergic reactions (angioedema, dyspnoea, swelling of the face) are rare. • **Bronchipret® Syrup TE** | Composition: 35 g (equalling 0.85 ml) Bronchipret Syrup TE contain 1.50 g fluid extract derived from thyme herb (3.2-3.5), extracting agent: ammonia solution 32 % (m/m), glycerol 85 % (m/m), ethanol 90 % (V/V), water (1.00/0.333) 0.15 g fluid extract derived from ivy leaves (1.3), extracting agent: ethanol 70 % (V/V), the medicinal product contains 2 % (V/V) alcohol. List of excipients: Citric acid monohydrate, purified water, potassium sorbate (E 202), malic solution. Note for diabetics: 1 single dose of Bronchipret Syrup TE (5.4 ml) contains an average of 0.18 carbohydrate exchange units (CEU). **Therapeutic Indications:** For the treatment of acute bronchitis with cough being a symptom of a cold, characterized by excessive mucous congestion. **Contraindications:** Do not take Bronchipret Syrup TE in case of a known hypersensitivity towards ivy, thyme or other Lamiaceae (Labiatae), birch, mugwort, celery or any other component of the medicinal product. **Undesirable effects:** Rare: hypersensitivity reactions with skin rash. Furthermore, hypersensitivity reactions with dyspnoea, hives and swellings in face, mouth and/or pharyngeal region may occur. Occasional for: gastrointestinal complaints such as cramps, nausea and vomiting have been observed. **Special warnings and precautions for use:** The package leaflet informs the patient as follows: Consult a doctor if complaints persist for more than a week or if symptoms such as dyspnoea, fever or purulent and bloody sputum are observed. **Precautions for use in children:** Bronchipret Syrup TE should not be administered to children younger than 1 year. The medication contains 2 % (V/V) alcohol. Patients with the rare hereditary fructose intolerance should not take Bronchipret Syrup TE. **Pregnancy and lactation:** There are no adequate data available on the use in pregnant and lactating women. • **Tonsipret® tablets** | Composition: 1 tablet Tonsipret tablets contain: Capsicum annum D6, D3 75.0 mg, Guaiacum D6, D3 75.0 mg, Phytolacca americana D 50.0 mg. Further excipients: Lactose monohydrate 250.0 mg. List of excipients: Potato starch, Lactose monohydrate, Magnesium stearate. Note for diabetics: 1 Tonsipret tablet contains 0.02 Carbohydrate exchange units. **Therapeutic indications:** Homeopathic drug for inflammatory diseases of the pharynx. The areas of application can be derived from the homeopathic drug pictures. These include: Acute inflammation of the throat or tonsils (tonsillitis). **Contraindications:** Hypersensitivity to the active substances or to any of the excipients. **Special warnings and precautions for use:** Due to its lactose content this medicinal product is unsuitable for patients suffering from the rare hereditary galactose intolerance, congenital lactase deficiency or glucose-galactose malabsorption. Since sufficiently documented experience on use on infants is not available, the drug should not be used on children under 2 year of age. **Undesirable effects:** Rare: cases nausea and gastric complaints; Allergic skin reaction. Note: On using a homeopathic drug, the existing complaints may temporarily exacerbate (homeopathic aggravation). In this case you should stop taking the drug and consult with your doctor. **Pregnancy and lactation:** Since sufficiently documented experience on use during pregnancy and lactation is not available, the drug should be used upon consultation with a doctor only. • **Imupret® Oral Drops** | Composition: 100 g Imupret Oral Drops contain: 29 g of an alcoholic aqueous extract (extracting agent: ethanol 59 % (V/V) made from Radix Althaeae 0.4 g, Flores Chamomillae 0.3 g, Herba Equiseti 0.5 g, Folia Juglandis 0.4 g, Herba Millefolii 0.4 g, Cortex Quercus 0.2 g, Herba Tanacetii 0.4 g, Contains 19 % (V/V) alcohol. List of excipients: Imupret Oral Drops contain 19 % (V/V) alcohol. Note for diabetics: Imupret Oral Drops contain no relevant amounts of carbohydrate exchange units (CEU). **Therapeutic Indications:** Frequently recurrent and chronic respiratory infections especially tonsillitis. **Contraindications:** Do not take Imupret Oral Drops in case of hypersensitivity to the active substances or to any of the excipients, and if known allergy to composite flowers. **Undesirable effects:** Rare: Allergic skin reactions. Interaction with other medicinal products and other forms of interaction: There are no known interactions with other medicinal products. **Pregnancy and lactation:** There are no adequate data on the use of this medicinal product in pregnant and breast-feeding women. Ask your doctor for advice before taking this medicine. Stand 11/10
